

## KELLOGG DEFENDS AMERICAN COURTS

St. Paul Attorney Delivers  
Address Before Nebraska  
State Bar Association.

OMAHA, Neb., Dec. 28.—Frank B. Kellogg of St. Paul, speaking before the meeting of the Nebraska State Bar association today, vigorously defended the integrity of the American judiciary and condemned what he said was a disposition of these days to criticize the courts.

He said that of all the branches of the government, the judicial, in his opinion, was the most subject to the exercise of arbitrary power to subvert or to improve influence. Mr. Kellogg said he believed it to be a fact that the supreme court of the United States is the most progressive and liberal branch of this government and that it has always been solicitous of the rights of the people.

He said in part:

"There seems to be a disposition in these days to criticize the courts. A certain class of editors, orators and the public press have been intemperate and irresponsible in such criticisms. I do not deplore discussion of judicial decisions and reasonable criticism thereof. Such discussion often brings good results. But what I do deplore is reckless and unfounded statements which tend to destroy respect for the judicial branch of the government and to weaken its authority and influence in the community. I do not believe that the courts are the cause of any of the ills of the nation. On the contrary, they are the only branch of the government in which the law is the only standard. The courts are the only branch of the government in which the law is the only standard. The courts are the only branch of the government in which the law is the only standard."

## PREFER DEATH TO DISGRACE

Two Connecticut Men Commit  
Suicide Rather Than Face  
Charge of Depravity.

MYSTIC, Conn., Dec. 28.—The arrest of several business men in this village on charges involving moral turpitude has aroused the entire community. Two men committed suicide today rather than face court proceedings. Five of the men arrested are over 60 years of age.

When the officers went to arrest Herman Haulisch, a storekeeper, he asked permission to feed his horse in the barn. While there he dove out of an upper window and broke his neck.

Another man, Edward R. Williams, aged 55 years, for whom a warrant was issued for a debt, was found hanging in his dining room today.

All the arrested men in court today gave heavy bonds for trial in the superior court. More arrests are expected both here and in Groton.

**REVERSAL ORDERED  
BY SUPREME COURT**

Reversal of the lower court's judgment is ordered in a supreme court opinion handed down yesterday in the case of John A. Christensen and Selma Christensen against the Hamilton Realty company and the Salt Lake Security & Trust company.

The plaintiffs were given a verdict of \$441 against the Hamilton Realty company for defective construction of a house, but the suit against the Security company as a bondsman was dismissed. The Christensens appealed from the judgment in favor of the Security company.

The supreme court holds that in case of a supplemental agreement between owner and contractor to rectify the defects of a building, such as was entered into in this case, it did not nullify and release the bondsman on the original obligation and contract. Therefore it orders a new trial on the case insofar as the dismissal of the Security company is concerned.

## STRAY BULLET CAUSE OF A DAMAGE SUIT

For injuries suffered by reason of a stray bullet lodging in her back, Margaret Schuman, a minor, through her guardian, Marcus Schuman, yesterday filed suit in the district court against C. E. Hemenway for \$115 damages.

Hemenway is alleged to have carelessly discharged or allowed his son to discharge a .22 caliber rifle within the city limits July 21, 1912. The bullet struck the Schuman child as she was playing in her father's backyard on Eleventh avenue near K street, inflicting injuries that required a surgical operation and hospital treatment.

**Finger Print Found.**

CHICAGO, Dec. 28.—A legible fingerprint was found today on a handkerchief which was used as a towel by the supposed murderer of J. H. Logue, the diamond merchant. The impression was that of a man, said finger-print experts.
